This is an extension of the Contract; its policies must be read and signed. The customer keeps a copy and one is on file at Kutch's Rental.

A fax copy is permitted.

A **non-refundable** deposit of 50% is required to hold your order. Full payment is required on the Friday before your event.

Prices do not include pick-up or delivery. A fee will be added if this service is desired. Please notify us at time of rental if delivery is in a park or restricted area, special prices will need to be added.

Moonwalks are a **24 Hour** rental. Which is 9am the day of your event until 9am the following day. If you pick it up late there will be **NO ALLOWANCE** for a late return.

A late fee of **\$25 per hour will be charged plus any additional charges** if the moonwalk is not returned by 9am the next day. Any security deposit will **only** be refunded after the inflatable is returned on time, inspected and deemed clean and clear of damage. This will be no sooner than Monday or Tuesday of the week following the event date and may take up to a week after the event.

You will need to have a pick-up truck or a large SUV without back seats, to pick up the inflatable. We will help you load, however, you will need at least 3 people to unload and reload.

You **CAN NOT** use the Moonwalks in the rain. They are an electrical unit and could cause electrocution if gotten wet. Also, if the moonwalk is left in the rain, it can fill with water and in turn become a very large waterbed. You will not be able to move it and it will take days to dry out. **If this occurs**, additional charges will be applied.

In the event it is raining heavy (not just sprinkling) the moonwalk will not be allowed to go out. Kutch's determines this at the time of pick up. A rain check will be issued, good for one (1) year. No money will be refunded.

In case of rain overnight, do not leave the blower unit or moonwalk outside unprotected.

To ensure a fun event please follow all the guidelines and safety instructions that are provided to you.

By reading and signing you agree to all policies set forth in this contract extension and the original contract. As well as allowing us to charge your Credit Card accordingly.

Inventory List & Set up Instructions

Moonwalk

1	Inflatable	Made of PVC
1	Blower	
1	Drop Cloth	
1	Bag for Inflatable	
4	Stakes	

Installation

- Set up takes 10-15 minutes to inflate and deflate.
- One person can install most inflatable.
- Pick a location free from overhead electric power or telephone lines. Location should be free from trees that could damage or stain the inflatable.
- Place your drop cloth over the site you where you want the inflatable to stand.
- Keep the front of the inflatable clear and accessible at all times.
- Unroll and position the inflatable on the site where you want the inflatable to stand.
- Stake the inflatable before inflating.
 - Place the blower fan on a sturdy dry surface; connect to the inflatable inflation tube.
 - Connect the proper sized extension cord. (min. 12 gauge for 100'), then plug into the power source.
 - Check the inflation tube to make sure it is properly attached to the blower fan. The inflation tube must be properly closed around the fan outlet cone to prevent large air leakage. Do not place finger/hands into the fan inlet or outlet when the fan is operating. Do not allow children or adults in the rear of the ride or near the electric blower fan at any time.
 - Check for rips, holes and damaged seams. Report any damage immediately to Kutcha's Party Rental.
 - When properly inflated, the play area, walls and columns will be firm.
 - Keep clean and dry. If the inflatable gets wet, dry by blowing air through it and/or towel dry.

Deflation

- Unplug electric blower fan at power source.
- Loosen first inflation/deflation tube and strap and remove from cone. Do same with second tube, if there is one.
- While the inflatable is deflating, remove stakes, put blower fan away, and store extension cord.
- Begin folding the inflatable as shown below. You will notice as you fold, some air will be left in the bounce. Start at front of inflatable and walk in stocking feet to the back removing most of the air.
- Remember that inflation/deflation tubes are still stretched behind the inflatable.
- Roll the inflatable all the way as though you were going to attach the packing straps. Unroll until you can place the inflation/deflation tubes in front of your partially rolled inflatable.
- Band with packing straps.
- There will be a charge for rolling up wet or leaving in the rain to fill up with water.
